

Sharon R. Bock, Esq.

Clerk & Comptroller

Palm Beach County

Biography, Achievements and Civic Involvement

BIOGRAPHY

Clerk & Comptroller Sharon R. Bock, Esq., was first elected to the office of Clerk of the Circuit Court in November 2004 and is now in her third four-year term. She is a tireless advocate for innovation, public access, transparency and technology to promote continuous government improvement and efficiency in Palm Beach County.

Upon taking the oath as Clerk, her primary goal was to update the organization's name to Clerk & Comptroller to more accurately reflect the office's duties, services and public purpose. The Clerk & Comptroller, Palm Beach County is the third largest county in Florida and serves a local population of more than 1.3 million citizens as the [Chief Financial Officer, Treasurer and Auditor](#), [Clerk of the Circuit Court](#), [County Recorder](#) and [Clerk of the Board of County Commissioners](#). Clerk Bock administers a \$58 million annual operating budget and oversees more than 750 employees in [seven locations](#).

Clerk Bock brings to her position nearly 25 years of experience in the private sector as a financial consultant, real estate lawyer, title company owner and general manager. She first joined the Clerk's office in 1998 as Chief Deputy for Court Services. She was promoted to Chief Deputy Clerk in 2003, and maintained that position until she was sworn into office as Clerk & Comptroller in 2004.

In addition to her role as Clerk & Comptroller, Clerk Bock serves on the Florida Courts E-Filing Authority, the Florida Courts Technology Commission, and the Florida Court Clerks & Comptrollers Association (FCCC) serving as the Secretary and on the association's Strategic Planning, Comptroller, Technology, Court Operations, and Self Help/Pro Se Committees. Additionally, she is chair of the Executive Council for the Clerk of Courts Operations Corporation (CCOC) and serves on the corporation's Budget, Legislative, and Performance Improvement committees. The CCOC is the statewide organization that reviews and certifies court-related budgets for Florida's Clerks. This is her fourth two-year term on the CCOC.

ACHIEVEMENTS

The Clerk & Comptroller's vision is to be a world-class leader in customer service, employee satisfaction and standards of excellence. The strategic direction is to deliver outstanding service, be effective and efficient, and a great place to work.

BE EFFECTIVE AND EFFICIENT:

Palm Beach County's Fiscal Steward

As the County's Chief Financial Officer, Clerk Bock is the ward for the taxpayers. Clerk Bock has identified an estimated \$26 million in questionable costs, lost revenue, and potential losses and damages with her high-profile audits. She protected \$70 million of taxpayer dollars by removing funds from the state investment pool prior to a freeze of the fund in 2007, and each year makes a series of financial recommendations to Palm Beach County in her [State of the County Address](#).

Clerk Bock's investment strategy produced \$20.2 million in investment income for the County despite a down market and has reduced the Comptroller's operations budget by 20 percent over the past seven years. Her strong reputation in the financial arena has resulted in requests from County Commissioners for financial analyses and trend reports necessary for effective decision-making and from other constitutional officers, the courts and community leaders for objective financial and performance audits.

Her financial reports have consistently received top honors from the Government Finance Officers Association. The Fiscal Year 2012 edition of [Checks & Balances: Your Guide to County Finances](#) placed 35th in its category of the "Top 50 Annual Reports Worldwide" by the League of American Communications Professionals (LACP).

Among Clerk Bock's most important duties as Clerk & Comptroller is identifying fraud, waste and government inefficiencies through her [Division of Inspector General](#). Equally important is promoting public education and engagement in government finance through her award-winning [County Financial Reports](#).

Under Clerk Bock's leadership, the Division of Inspector General launched its Guardianship Fraud Hotline in 2010 which led to the development of her cutting-edge Guardianship Fraud Program. To date, the program has identified over \$4 million in unsubstantiated disbursements, missing assets and fraud.

In 2014, Clerk Bock successfully advocated the Florida Legislature for changes in state laws which empowered all 67 Florida Clerks to investigate questionable activity in court-appointed

guardianships and create a broad guardianship program. As a result, Florida is now among the top states in protecting the assets of guardianship wards.

Clerk Bock's guardianship program has been upheld as a model at the World Congress on Adult Guardianship and at the National Guardianship Association. The program is recognized by the National Adult Protective Services Association and has been replicated throughout the state.

The important work of Clerk Bock's guardianship program has been featured on local broadcast stations, in the American Bar Association Bifocal Journal, nationally and internationally on news, radio and television in Missouri, Tennessee, Ohio, and New York as well as in Canada. Her many accomplishments led to her being named one of the Top 20 Women in Law by the Daily Business Review and the recipient of the 2014 Joanne Otto Distinguished Service Award from the National Adult Protective Services Association.

Her Division of Inspector General also conducted high-profile audits of the county Convention & Visitors Bureau, Convention Center and Debt Issuance Process.

In 2014, Clerk Bock launched Operation Green Light. This special inaugural campaign focused on addressing the thousands of overdue Palm Beach County traffic tickets. During this one day event the Clerk & Comptroller offered anyone with an outstanding traffic ticket turned over to a collection agency the opportunity to pay their violations in full without having to pay the 40 percent collections surcharge. Operation Green Light not only brought in more than half a million dollars in revenue, but allowed almost 450 citizens to reinstate their driver's license and restore their driving privilege. Due to the success of this pilot program in Palm Beach County, Operation Green Light went statewide on April 18, 2015, collecting \$5.4 million in revenue, processing 27,000 cases and reinstating or making eligible for reinstatement 9,500 drivers' licenses in Florida.

DELIVER OUTSTANDING SERVICE:

Technology and Innovation Leader

Clerk Bock is a firm believer in free, unfettered public access to court and official records. She also believes in the power of technology and improving the efficiency of Florida's courts. The addition of eRecording – the secure online submission of documents to the Clerk & Comptroller's office for recording in the Official Records of Palm Beach County, is a primary example. With the expedited service, customers are now able to submit documents electronically 24 hours a day, 7 days a week for recording.

Clerk Bock's belief that the Clerk & Comptroller's office is the gateway to the courts system motivated her to ensure that all citizens have access to justice, regardless of if they are

represented by an attorney or are representing themselves. That prompted her to create a nationally recognized [Self Service Center](#) to help people navigate their way through the court system. A key feature of the Self Service Center is the Florida Supreme Court approved interactive forms that guide users to ensure that forms are completed properly.

As Clerk, she oversaw development of a public web portal that provides access to [court information and official records in Palm Beach County](#). She was one of the first Clerks in Florida to require her staff to scan and redact court documents, years before the Florida Supreme Court lifted the statewide moratorium on providing court records online. Citizens can currently review electronic versions of case files from 2008 to present at any Palm Beach County courthouse location; those records should be available online in the third quarter of 2015.

Clerk Bock's passion for technology led to seats on two important statewide boards charged with bringing innovation to Florida's courts. In 2010, Clerk Bock was elected to the [Florida Courts E-Filing Authority](#), the rulemaking body for the statewide electronic filing portal that allows anyone to file court documents from a computer rather than at the courthouse.

She was appointed by the Florida Supreme Court in 2012 to the [Florida Courts Technology Commission](#) (FCTC), a statewide organization that creates policy for and oversees technological applications in Florida's courts.

BE A GREAT PLACE TO WORK:

Commitment

Clerk Bock's commitment to creative solutions and continuous improvement is reflected in every aspect of the Clerk & Comptroller's office. She played a significant role in the office's earning the prestigious [Governor's Sterling Award](#) for Organizational Performance Excellence, the highest achievement of business excellence in the state of Florida, and earned only by organizations who subject themselves to rigorous measurements of process efficiency and customer satisfaction. After her election in 2004, Clerk Bock created the organization's first-ever customer feedback system, which has been used as a model in other organizations. That system is now online and accessible from customers' smartphones and tablets.

Exemplifying the value of the workforce and her continued commitment to employees, Clerk Bock remains a strong advocate who is constantly working toward implementing innovative ideas. Under her direction a creative *promote-from-within* program was developed, providing employees the opportunity to grow and develop their careers as public servants.

With an eye to keeping her workforce healthy, she implemented a successful wellness program for her employees. The Clerks 4 Wellness program earned Platinum status from the American

Heart Association's Fit-Friendly Companies Recognition program, and [received honors](#) from the South Florida Business Journal and Cigna.
